
PNR121 : Fundamentals of Nursing: Experiential Learning

This comprehensive introductory course combines laboratory work, clinical simulations, and real-world experiences to equip students with essential skills for safe and compassionate nursing practice. Students will learn health assessment, clinical decision-making, legal and ethical considerations, effective care coordination, and key nursing interventions. Hands-on learning and clinical exposure under expert guidance bridge theory to practice, making Fundamentals of Nursing Practice the essential cornerstone of nursing education, preparing students for real world application of nursing knowledge.
