
PNR111 : Introduction to Nursing: Experiential Learning

This course provides hands-on learning experiences for students aspiring to enter the healthcare field. Through immersive labs, students explore essential nursing concepts, including communication, caring interventions, documentation, diagnostic tests, infection control, nutrition, elimination, safety, and mobility. This experiential course fosters practical skills and a compassionate, evidence-based approach to nursing, making it an ideal starting point for those pursuing a career in healthcare.
